## NOTE ABOUT TEACHERS' GUIDES

With the addition of online delivery via StreamlineSC, teachers' guides can now be found in a number of places. To make finding them easier, we've designed a "guide grid" to consolidate this information. At [www.itv.myetv.org/guides/guides.htm](http://www.itv.myetv.org/guides/guides.htm), you'll find an alphabetical listing of each ITV resource, with links to all available copies of its guide. If it's available electronically, we link you directly to it. If it's in Streamline, we send you there. If it's available via hard copy we link you to a form, which you can use to order it via mail or fax. Also, don't forget our Searchable Database of Teacher's Guides from which you can also place an order for hard copies of available guides.
