

Environmental Ed is a video-based resource for elementary and middle grade students! Produced by eMedia and ETV, this series of short, fast-paced programs challenges students with facts, stories, investigations, questions, and Eco-quests as host “Environmental Ed” invites them to “leave no friend inside and carefully walk upon the earth.”

Host “Environmental Ed,” an energetic and friendly nature-wise guy, welcomes students to his Nature Shack where they explore the world around them. In these NEW programs 12-20 students learn about biodiesel sources, eco footprints, snake myths, many types of rocks, the truth about spiders, healthy food chains, and more!
