

The Science of Teaching Science

Designed for Teachers of grades K-8
8 week session

Register Online: www.emedia.scetv.org

Recertification: 20 Renewal Credits

Cost: \$50.00

The Science of Teaching Science self paced course is designed around Annenberg/CPB Professional Development Workshops. Providing K-8 teachers unique opportunities to explore ways to improve their teaching practices, this course directs their attention to real classroom activities in which they observe other teachers in unrehearsed situations. These "user friendly" videos stimulate the veteran teachers to try different teaching approaches and at the same time provide new teachers excellent "how to" activities for classroom implementation.

All class meetings will take place through distance learning. The instructor and participants will communicate via Moodle — the course platform on the Internet. Assignments and discussion forums will be facilitated in Moodle.

Course Requirements

Participants are required to:

1. Register online at www.emedia.scetv.org. Print registration form and mail with check for \$50.00 payable to SCDE (SC Department of Education).
Mail printed registration form and check to:
Bonnie McMurray
eMedia
P. O. Box 11000
Columbia, SC 29211
2. View the video lessons. The video lessons will be accessed online in Moodle.
3. Answer questions related to the video lessons via discussion forum in Moodle.
4. All assignments must be completed online by the ending date of the eight week session.
