**Course begins Online January 26!**

Teachers from the **South Carolina Governor's School for the Arts and Humanities** collaborate on this course in which examples from Language Arts, Mathematics, Social Studies and Science classrooms are used to present an introduction to arts integration. The course content progresses from a brief history of arts integration and its rationale through an overview of unique languages of the five areas of the arts (Creative Writing, Dance, Drama, Music and the Visual Arts). Included are suggested resources teachers can use to integrate these five art areas into their classroom from initial arts integration to the fully-infused curriculum. The course concludes with teaching strategies for meaningful integration and assessment.

All class meetings will take place through distance learning. The instructor and participants will communicate via Moodle—the course platform on the Internet. Assignments and discussion forums will be facilitated in Moodle.
